These golden days of our youth are too precious to dismiss from our memory.

And in the future we

shall treasure each

Moment of sharing, caring,

Learning.

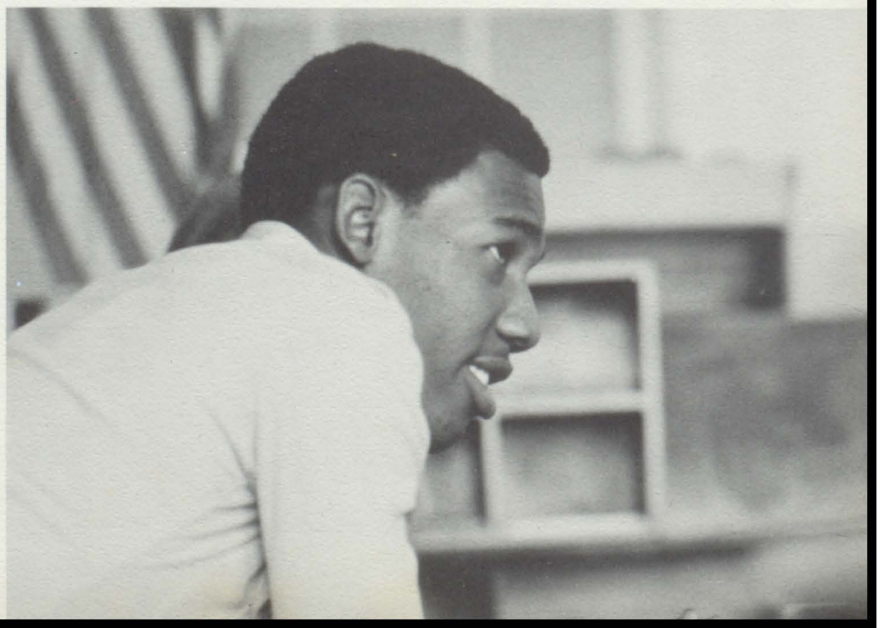

Learning, sharing, loving . . .

the complete meaning of life:

Now we realize the

precious moments we've shared.

FACULTY

In Memoriam

We the class of 1976

dedicate our yearbook

to the memory of

Michael Magistro

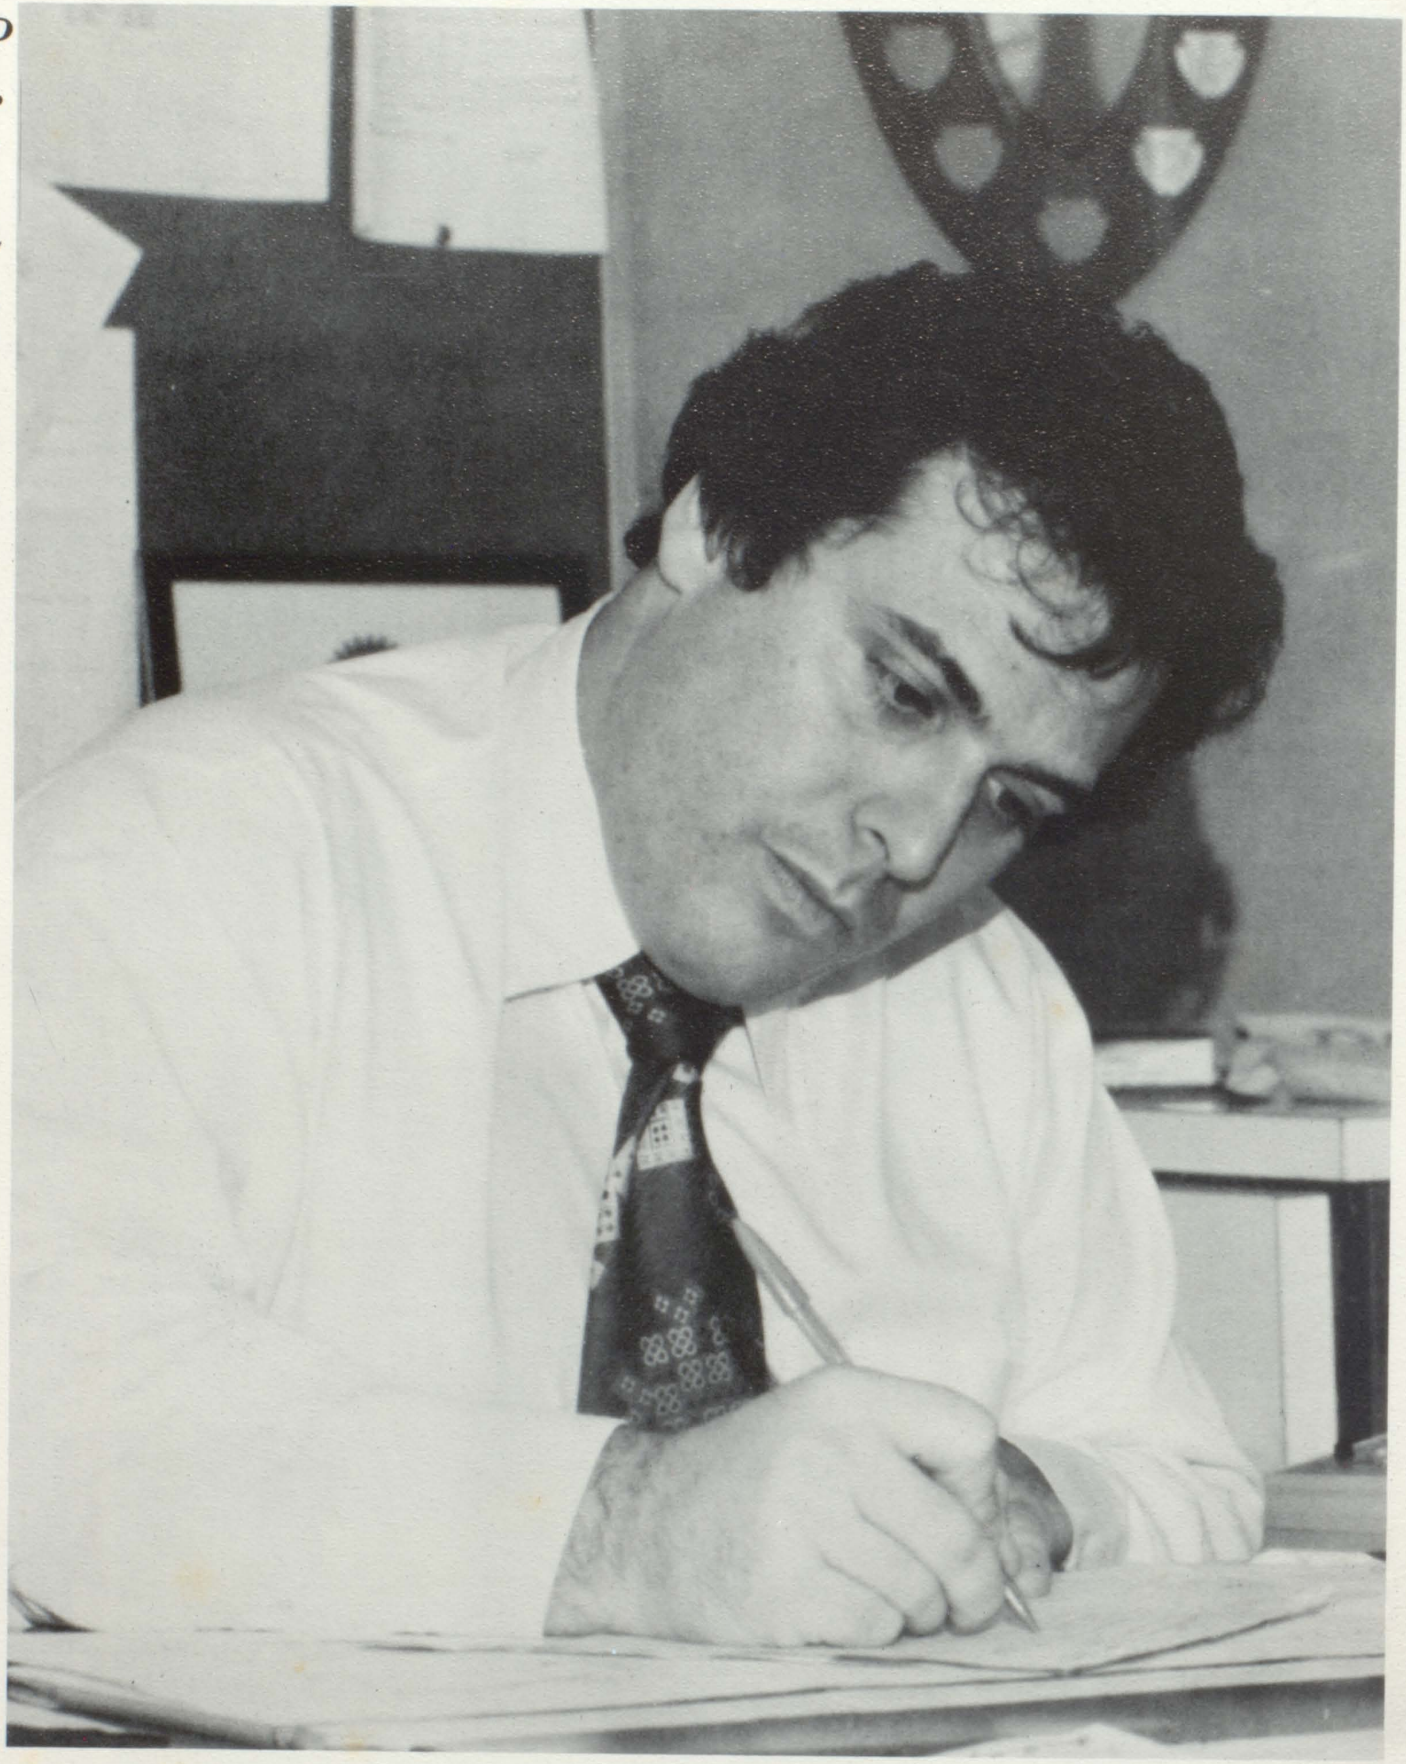

Mr. Michael Magistro was a man to whom illness came before his destiny could be fulfilled. If action indicates something of the character and influence of the man, then Mr. Magistro was a person of whom all East Side can be proud.

Since 1956, Mr. Magistro was a member of the Technical Department of East Side High School. His years of devotion, guidance, tireless commitment, and love of youth, has earned him outstanding recognition for his singular accomplishment in leading youth to knowledge and understanding. His dedication and intellectual integrity represents the highest ideals of humanity.

He will be missed by many of his friends at East Side where he illuminated the finer elements of the spirit of our modern age. His love was deep, his service sincere, his work was true. Many of us who have been privileged to know "Mike" will miss his vibrant, dynamic, vital spirit. His insight into what was good for East Side – critical, thoughtful, incisive, penetrating – all his sensitive probing of the currents of youth is Mr. Magistro's tremendous and lasting contribution to East Side High School. Therefore the Senior Class of 1976 respectfully dedicates this yearbook to Mr. Michael Magistro for his outstanding service to the youth of East Side High School.

Student Council

Elaine White, Advisor

The Student Council was formerly an organization which dealt with the student affairs cursorily. Today, the Student Council functions as one of the most viable organizations in the entire school. For the first time in years, the student voice is heeded. Led by the action of the Student Council, a much needed addition to the school is presently being built. The standard of leadership set by the Student Council of 1975-76 is one to be remembered – but much more important – one to be continued.
